FIREMEN WILL LEAD SALVAGE EFFORTS HERE

The Adams county Firemen's Association, Monday afternoon, accepted appointment by Judge W. C. Sheely, head of the county council of defense, as Salvage committee for the county.

The request that the firemen take over the salvage committee duties was contained in an address to the group at the annual session at East Berlin in which Judge Sheely pointed out the number of county-wide programs carried out by the firemen and in which they proved their ability to handle such campaigns.

The firemen accepted the Salvage committee duties with acclamation.

Frank B. Higinbotham, New Oxford, elected president of the county firemen at the convention Monday, was directed to name a county salvage chairman from among the fire companies' membership within the near future. The chairman will succeed O. H. Benson, who resigned as Salvage committee head several months ago.

All War Bond Workers Meet On Wednesday

An important meeting of all workers, chairmen, co-chairmen and volunteers, for the Third War Bond drive has been called for Wednesday evening at the Hotel Gettysburg by Edmund W. Thomas, chairman of the County's War Finance committee.

"All workers, men and women, are urgently requested to make every effort to attend Wednesday evening's meeting," Mr. Thomas said. "The session will be held in the main dining room at the Hotel Gettysburg, use of which was donated by the hotel, immediately after the open-air assembly in center square which follows the parade.

"The approximate time of the session is 8:30 o'clock. Several important announcements will be made and it is hoped that every worker will be present. Women workers are especially urged to attend to receive last minute instructions on the war bond drive that opens Thursday morning."

COURT UPHOLDS OBJECTIONS TO COLLEGE CLAIM

Preliminary objections filed by E. V. Bullett, Esq., as counsel for Adams county and Gettysburg borough, to the equity action by which Gettysburg college seeks to restrain the county, borough and school board from collecting taxes on the former Aughinbaugh property on Springs avenue, now being used as a girls' dormitory, were sustained in a court opinion handed down today Saturday by Judge W. C. Sheely.

Besides sustaining the defendants' answers preliminarily objecting to the plaintiff's bill, the court directed the college to file an amended bill within 15 days.

Questions Exemption

Holding that the plaintiff (the college) has not alleged all of the facts essential to bring it within the act providing for exemption from tax assessment, the court also ruled on a defendants' contention that the use of the property by the college for dormitory purposes does not entitle it to tax exemption.

"The question of whether the real estate has been rented for commercial purposes or devoted to ordinary business activities for the purpose of securing revenue, even though that revenue is applied to the general work of the educational institution is a matter of defense," the court wrote.

At the same session of court Donald P. McPherson, Jr., Esq., was named master in the divorce action by Warren W. Stouck vs. Catherine (Clancy) Stouck.

New Constable

In response to a petition signed by Hamiltonban township residents, F. M. Musselman was named constable of that township for the unexpired term of Dorsey J. Schultz, who moved out of the township. The term expires January 1, 1944. Musselman must file a \$1,000 bond.

John P. Butt, Esq., LeRoy H. Winebrenner and H. S. Thomas were named to a board of viewers to determine damages to the property of the late Sarah L. Huberty along the Gettysburg-Littlestown highway, by reason of highway improvements there last year.

The petition on the damage claim was presented by the Gettysburg National bank and states that no agreement can be reached with the state on the proper settlement of the damage claim.

PARADE MOVES 7:30 O'CLOCK ON WEDNESDAY

Arrangements are complete for the colorful parade to be held in Gettysburg Wednesday evening preliminary to the official opening of the Third War Bond drive in Adams county.

Several bands will participate in the procession to lend a martial tone to the procession.

The procession will move up Chambersburg street to the square; south on Baltimore to Middle street; east on Middle street to South Stratton street; north on Stratton street to York street and thence to the square where the participating units will converge to attend the open air assembly.

Major John D. Hartigan, Commanding Officer of the 32nd College Training Detachment at Carlisle, will be the speaker.

FIVE NAMED ON FIRE CHARGES

Five drivers have been charged by Chief of Police Glenn Guise with following, too closely, a fire engine and with parking too close to a fire engine while in operation at the fire Friday evening at the brickyard.

The charges were laid at the request of Fire Chief James A. Aumen after cars going to the conflagration raced the fire trucks to the fire and then parked in such manner that at least one of the trucks had difficulty in arriving at the scene of the blaze, police stated.

Will Prosecute

Guy R. Fidler, Biglerville R. 1 and Kermit Punt, Biglerville R. 2 were charged with driving too close and parking too close to a fire truck before Justice of the Peace John H. Baschore, Monday, while Paxton B. Redding, Gettysburg R. 2 and Donald L. Wolff, Littlestown R. 2 were charged before Justice of the Peace Robert P. Snyder at the same time. One other violator will be brought before juvenile court on the same charges.

"Cars not only raced us to the fire but tried to beat the engines to intersections and blocked the narrow road leading to the blaze," Fire Chief Aumen said Saturday when he turned the license number taken from several cars over to Chief Guise for investigation. Chief Aumen pointed out that automobiles must give fire trucks the right-of-way at all times and must not park in such manner as to prevent the fire trucks from responding to alarms. He asserted that if the practice continues additional arrests will be made.

Ten day notices were sent those charged before the Justices of the Peace.

AIR RAID TEST IS SUCCESSFUL

Along with the rest of the state, Gettysburg and Adams county experienced their seventh daylight air raid drill this morning, the first since a noon-hour test on August 6.

The county control center at the court house reported that with the exception of a reported violation of regulations by a pedestrian in Abbottstown, the test was "very successful."

The calls went through in good time and all centers made reports to the county promptly, a member of the county defense council staff said.

The test, which lasted 45 minutes, opened as far as the public was concerned, with the sounding of the first blue signal about 10:15 o'clock. The red and second blue signals followed with the all clear coming through a few minutes before 11 o'clock.

Forward Push Continues On Italian Boot

By EDWARD KENNEDY

Allied Headquarters in North Africa, Sept. 7 (AP)—The British Eighth Army drove steadily ahead on the Calabrian coastal road today, extending the invasion arc around Italy's southernmost tip to about 60 miles, and smashed another 10 miles inland in the Santo Stefano sector to Delianuova.

On the west coast British and Canadian columns had pushed ahead at least as far as Palmi, while on the south their gains extended some distance east of Melito. The capture of Palmi and Delianuova was announced by Allied headquarters today.

60-Mile Arc

With the coastal arc held by Gen. Sir Bernard L. Montgomery's fighters now approximately 60 miles in length, the wedge driven inland from the original beachhead consists of a triangle running about 15 miles east-northeast from Reggio Calabria and then to the coast at Palmi.

(An indication that the Allies already were speeding farther northward on the coastal road came from the German high command, whose Tuesday communique said "a British attack north of Palmi was repelled.")

(Although Axis broadcasts yesterday reported that the German and Italian commands had effected an evacuation of Southern Calabria, today's Nazi war bulletin, broadcast by Berlin and recorded by the Associated Press, said: "On the Calabrian Peninsula our protective formations engaged in minor encounters with the enemy.")

Scant Opposition

Front dispatches reported that scant opposition was encountered by the British and Canadian troops, but that extensive demolitions of roads, bridges and tunnels and the extreme ruggedness of the terrain made progress slow. The Allied communique described the advance as satisfactory.

The Allied command took advantage of the situation to move reinforcements and a huge amount of material across the Strait of Messina to the mainland under the protection of the British Navy and British and American air units. There were scarcely any enemy attacks on this supply line.

(A Berlin broadcast recorded in London by the Ministry of Information said that "in view of the slow progress of the British landing operations in Calabria it is probable that another landing enterprise still is planned.")

Air Assault

(The Allies are rushing huge stores of materials into the Mediterranean theater, the broadcast said, reporting "new lively movements of Allied shipping in the Western Mediterranean." Berlin asserted that 72 Allied ships escorted by five destroyers and four patrol vessels left Gibraltar yesterday.)

Allied air units, supporting the ground operations, battered targets in Southern Italy yesterday and swept as far north as Naples to pound that important communications center.

Towns and villages within the area which fell into Allied hands in the drive to Delianuova include Sinopoli, Melicucca, Solano, Ceramidio, Pellegrina and San Procopio.

Paratroopers Capture Big Jap Airfield

By VERN HAUGLAND

Allied Headquarters in the Southwest Pacific, Sept. 7 (AP)—American paratroops cut off all possible land supply lines of some 20,000 Japanese troops in the Lae and Salamaua area of New Guinea with the capture of an enemy airfield in the Markham Valley, Allied headquarters announced today.

The airstrip was seized Sunday when hundreds of airborne American soldiers and an Australian artillery unit complete with machine guns, mortars, ammunition, rubber assault boats and radio landed near the field.

MacArthur Watches

An Australian force, flown into an Allied advance base, marched overland five days to rendezvous near the occupied airfield with the American paratroopers who had landed Sunday morning while General Douglas MacArthur looked on from a Flying Fortress.

A headquarters statement disclosed that the enemy airfield had not been used by the Japanese for months and was overgrown with Kunai grass four to six feet high. The field, flat and level, easily can be placed into operating condition.

Capture of the airfield effectively helped close the trap on the defenders of Lae and Salamaua.

Their best inland route of flight, the broad Markham valley, was closed by the paratroopers who floated to earth in white, orange, red and blue parachutes Sunday from the low-flying transports while attack planes in the biggest air formation ever massed in their battle area laid a smokescreen.

Leader Placed

They dropped down behind the Japanese air and sea anchorage base of Lae.

"Beautiful! Wonderful!" exclaimed General MacArthur as he saw wave on wave of transports unload the 'chutists without a Japanese plane in sight to oppose the huge force of bombers and fighters.

The enemy was completely fooled. Some advices said one Japanese patrol managed to fire a few wild shots at the descending troops. That constituted the opposition.

This spectacular mission, sprung on the fourth anniversary of Australia's entry into the war, followed by a day the landing of African-seasoned Australians above Lae Saturday from ships escorted by American men of war.

Japs Stunned

The Japanese, believing the main Allied drive was coming from Salamaua, 18 miles southeast of Lae, were so surprised by the Australian landings that they were able to inflict only a few casualties with their airforce.

But the paratroopers' surprise was even greater. Not a plane was lost. The soldiers, classified by the colors of their 'chutes, landed in the head-high grass to form the precise pattern which had been sketched on paper.

Jumping from so low an altitude that the Japanese would have had only a few seconds to fire had they been on hand, the paratroopers quickly disengaged themselves from the 'chutes and moved along the valley whose river empties into the Huon gulf at Lae.

MOST COUNTY SCHOOLS BEGIN NEW SESSIONS

With few exceptions, Adams county's army of nearly 8,000 public and parochial school children were back at their studies today for the 1943-1944 term, which opened in some districts last week.

Gettysburg public schools opened this morning as did many other districts in the county. At New Oxford the high school will not open until next Monday to allow pupils to help with crop harvests on farms and in orchards. At Idaville, the school children have had their vacation extended while the Huntingtown township school directors seek a grammar school teacher. A last-minute meeting Monday night failed to fill the vacancy.

Fewer Freshmen

At Gettysburg high school a drop was noted in the freshman enrollment resulting in a decrease in the total enrollment for the school. Today 576 boys and girls reported as compared with 624 on the first day last year. Several more are expected to come in later this week, Principal G. W. Lefever said.

The enrollment by classes follows: Seniors, 123; juniors, 141; sophomores, 155, and freshmen, 157. In the same order the figures last year were: 123, 152, 161 and 188.

Mr. Lefever said that the drop is chiefly due to the fact that some pupils of high school age have gone to work in industry rather than continue their schooling and also to the fact that some boys whose eighteenth birthdays are approaching did not enroll in the face of their imminent induction into the armed forces.

Student council members received freshmen at the local high school this morning and Anne Faber, student council president, presided over the opening assembly program. Principal Lefever addressed the student body and then the students went to their home rooms just as the air raid drill alarm was sounded.

County Figures

After the raid test, regular schedules were resumed. Classes were to be dismissed at 2:45 o'clock this afternoon for a teachers' meeting.

Reports from the office of J. Floyd Slaybaugh, county superintendent of schools, showed that on the average high school enrollment throughout the county will show little change from last year. High school pupils outside of Gettysburg number more than 1,000 with complete figures not available until New Oxford opens.

These figures on opening day attendance were gathered by the county office this morning:

Arendtsville, 110 in the high school; 34 freshmen, and 108 grade school pupils.

Biglerville, 346 high school pupils including 82 freshmen; 131 grade school pupils.

East Berlin, 212 in the high school including 71 freshmen; 152 in the grades.

Fairfield, 92 in the high school including 31 freshmen; 57 in the grades.

Local Grade Schools

Littlestown, 177 in the high school including 63 freshmen; 254 in the grades.

New Oxford, no high school figures; 65 in the grades.

York Springs, 70 in the high school, including 15 freshmen. No figures available on grade school enrollment.

The number of grade school pupils in Gettysburg is close to that for last year, Superintendent L. C. Keefeaver said this afternoon after gathering reports from the three buildings showing a total enrollment in the elementary grades of 682-224 at High Street; 238 at Meade and 220 at Lincoln school.

Lack Music Supervision

The figures by grades and buildings follow:

High Street—First, 56; second, 53; third, 63; and fourth, 52.

Meade school—First, 24; second, 31; third, 36; fourth, 29; fifth, 73, and sixth, 40.

Lincoln building, Sixth, 42; seventh, 97, and eighth, 81.

All teachers reported at all of the local school buildings. Only the position of music supervisor remains to be filled in the teaching staff in Gettysburg.

was performed at Winchester, Virginia, July 26, by the Rev. Dr. Moore of the Methodist church. There were no attendants. The bride is a graduate of the Dillsburg High school. Cpl. Kennedy is stationed with a medical detachment at Camp Shelby, Mississippi. Mrs. Kennedy will reside with her parents.

Hollinger-Dresher

Word has been received here of the marriage of Charles Raymond Hollinger, LaVerne, California, and Miss Mary Ethel Dresher, daughter of Mrs. Florence Dresher, also of LaVerne.

The ceremony took place July 25 in the Church of the Brethren at LaVerne and was performed by the Rev. Dr. C. Ernest Davis, president of LaVerne college.

The bridegroom is a former resident of Adams county and Gettysburg. He graduated from Gettysburg academy and attended Gettysburg college for two years as a member of the class of 1923. Mr. Hollinger is now employed as assistant in maintenance at LaVerne college.

Mrs. Oma Y. Pinke, Empire, California, served her sister as matron of honor. Miss Ann A. Hollinger, sister of the bridegroom, was the bridesmaid. THE 3rd WAR LOAN DRIVE STARTS —TO BACK THE INVASION!

What you will be asked to do—

MARK WELL the date—Thursday, September 9th. For on that day, you must answer to your country's call.

On that day, the 3rd War Loan Drive opens. To you—and to every other true American—a clarion call goes forth to rally to the support of our flag.

You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds—more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one EXTRA \$100 War Bond. Those who can, must invest more—thousands of dollars' worth more. Each and every one must do his full part.

Scrape up the money from every source you can . . . turn in all the loose cash you carry with you . . . dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and win.

These men are throwing everything they have into this fierce

invasion push. They are giving their blood, their lives. No one can put a price on such courage, self-sacrifice, devotion. But you can show you're with them to the limit! You can say it with Bonds . . . EXTRA Bonds this month.

World's Safest Investments

For this 3rd War Loan, you will be offered your choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series "E"; gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semi-annually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943; due December 15, 1969. Denominations: \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price: par and accrued interest.

Other securities: Series "C" Savings Notes; ¾% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds series "F"; United States Savings Bonds series "G".

An Evening Thought

The happiness of love is in action; its test is what one is willing to do for others.—Lew Wallace

Just Folks

By Edgar A. Guest

LABOR
How many times to earth we're sent,
No man can say.
Some hold that death's a mere event

Upon life's way;
That each, until all things he learns,
Time and again to earth returns.

If this be so and I am asked

To come again;
To grope for knowledge and be tasked;

To suffer pain
And questioned what I most desire,
I'll answer: "Courage when I tire!"

Before I leave that shadowy land
Where spirits stay,
I'll plead for skill to grace my hand
From day to day.

And this one favor more I'll ask:
The strength to do some useful task.

'Tis this that I have come to know:
Great wealth and lands
And fame no truer pride bestow
Than useful hands.
A second journey? This will be
My prayer: Dear Lord, give skill
To me.

Today's Talk

By George Matthew Adams

THE GLORY OF RESEARCH

Said Thoreau: "We shall see but little if we require to understand what we see. How few things can a man measure with the tape of his understanding."

I pluck from a bed of moss, that in itself is mystery to me, a beautiful nest of five grouped green leaves, with a nest of crimson berries in the center. I admire its beauty, and place a dozen groupings upon my writing desk, where it both brightens and blesses. I do not know the name nor the purpose of this bit of flowered loveliness, but it serves me well, for it teaches me to admire the creation of all beauty.

I look into the starry night, as I have since I was old enough to look upward, and yet I know next to nothing of its creation, beyond what I have read from those who have given their lives to its study. I speculate upon each star, each planet, the Sun, and the Moon. I wonder about each grouping of stars, and marvel at the Milky Way, which spreads across the heavens upon a clear night like a great band of velvety lace.

Nature is the one great Book of Knowledge. In it are slumbering secrets that but few have been able to reveal. Research goes on. And will go on for centuries—still leaving secrets hidden beyond all revelation.

I once was shown through the great research laboratory of a world-famous manufacturing plant. People were working out scores of means whereby there might be greater efficiency put into the product sold. Research has brought to us every marvel of usefulness that we enjoy today. And what thrills each one gained from his discovery, and the application of truths learned!

There is not a single phenomenon in Nature that does not have its story, and many is the one who has learned and applied what he has seen, and made it work for the good of all.

For weeks I have had fun, in odd moments, watching a group of red squirrels that I have so tamed that they hop to my lap and eat peanuts from my hand, perched upon my knee! I note that they are very nervous creatures, with a fast beating heart, and they masticate their food rapidly and thoroughly. Then, when they have had enough, they either bury the extra food carefully, after digging a safe hole, or else scamper

Died: On Thursday evening, of apoplexy, Mrs. Mary Geyer, wife of Mr. George Geyer, sen., of this borough, in the 66th year of her age.

On the 23d ult., Mr. Michael Clapsaddle, of Mountpleasant township, a revolutionary soldier, in the 94th year of his age.

SEVENTY-FIVE YEARS AGO

Torn Down: The brick School House, which for many years has stood at the intersection of the Mummusburg, Bendersville and Harrisburg roads, on Carlisle street, as one of the old "land-marks" of the town, was torn down during the present week. It was built in 1832, before the establishment of the Common School system, by some of our then prominent citizens for educational purposes. We have before us the original subscription, now in possession of D. Wills, Esq., in the hand writing of Esq. Garvin, which reads as follows:

Sept. 28, 1832

We the subscribers agree to pay to a Treasurer hereafter to be appointed by us \$25 for each share of stock subscribed by us for the purpose of erecting a School House in the Borough of Gettysburg, to be occupied as an English School, and rented to the most approved Teacher at a sum not exceeding 7 per cent on the original cost or capital invested.

Mr. McClean, John Garvin, Robert Smith, T. Stevens, T. C. Miller, D. Horner, J. L. Fuller, Wm. McClellan, S. F. Fannestock, S. H. Buehler, Dickey & Himes, A. G. Miller, Jas. A. Thompson, Wm. S. Cobean, T. J. Cooper, S. S. Schmucker, Danner & Ziegler, John B. McPherson, Esq.

It will be noticed that all but five of the original subscribers are now dead. It seems that the stockholders contemplated the establishment of an academy school, to be known as the "Gettysburg Male Academy." This purpose, doubtless, was changed by reason of the establishment of an Academy shortly after under the auspices of the Theological Seminary, which developed into Pennsylvania College.

The building was occupied for a number of years for educational purposes, until the School Directors of the borough built the present School building, and has since been occupied for various mechanical purposes. Mr. Joseph Wible has now taken it down, intending to put up shortly several dwellings on the lot.

to some unknown lady to place it for less fortunate days.

There are both fun and knowledge to be gained in any sort of study, observation or research. And the more we do it the wiser we become.

Tomorrow Mr. Adams will talk on the subject "The Picture You Paint."

AT LEAST 58 ARE DEAD IN PENNSY WRECK

Philadelphia, Sept. 7 (AP)—The count of known dead shot up to 58 today in the wreck of the Pennsylvania railroad's Congressional limited as rescue workers sought to crack open the last crumpled coach known to contain still other bodies.

A check of over-taxed hospitals showed 123 injured, many critically.

Inspector Thomas Burns, heading a police detail at the wreck scene, said he believed at least 30 bodies remained in the wreckage. The railroad company said the number probably would not exceed "six or eight."

Dr. Herbert M. Goddard, Philadelphia coroner, continued to estimate the probable ultimate toll at "75 to 100."

Eight cars of the Washington to New York express wreathed loose and piled up last night in one of the nation's worst rail disasters.

Cracks Steel Pole

The electric-powered train, which makes the 226-mile run in 210 minutes with Newark, New Jersey, the first stop, and carried 541 passengers—many of them service men—was heading into a curve at Frankford Junction, in northeast Philadelphia, when the accident occurred at 6:12 p. m. (EWT).

A waste-packed journal box "ran hot," railroad officials said, on the front of the seventh car of the 16-car train, burning the wheel loose from the axle.

The coach, hurtled into a steel pole supporting overhead power lines, was cut in two vertically as though by a giant axe. The coach behind jammed accordion-like against it. Six other cars behind them were thrown from the rails, but all the dead and most of the injured were in the seventh and eighth coaches.

Passengers were buried under the debris from which many of the living were not released until hours later. Some were thrown through windows; galley workers in the diner were scalded. One woman lay in the wreckage for six hours, calmly telling rescuers "Take your time, I can stand it."

Traffic Blocked

Robert Calvert, of Birmingham, Alabama, a veteran of the fighting in North Africa, who was walking in the aisle of the third car, said something hit him in the stomach and—"It seemed a million people were on top of me. I couldn't get my breath. I thought, 'This is it. I will die now.'"

Roy Howard, president of the New York World-Telegram, and his wife, and Lin Yutang, the Chinese author, were on the train but escaped injury.

Traffic on the mainline was still blocked early today, but freight and through passenger trains were rerouted around the city on a cutoff extending from Trenton, New Jersey to Coatesville, Pa., 30 miles west of Philadelphia, and on other railroad lines.

Army guards with fixed bayonets and sub-machine guns headed a crowd away from the wreckage. Stretcher bearers had difficulty getting the thousands who earlier had gathered at the scene, which is in a crowded business and industrial section, three miles east of the North Philadelphia station.

Seek Blood Donors

All available ambulances went to the scene, and hundreds of air raid wardens were mobilized to help police, firemen, soldiers and sailors in rescue work. Hospitals pleaded for registered nurses and blood donors.

The last person to be taken alive from the wreckage, Mrs. Christiana

Burbank, Calif.—Edith DeSylva, comely ex-showgirl who is now working the midnight-to-morning shift at Lockheed Aircraft Co., has been voted by her fellow workers—"Miss Graveyard of 1943."

BIG HAT
Lubbock, Tex. — A glider pilot student at South Plains Army airfield lost his wallet containing \$50. Aware of his plight, fellow students passed the hat.

Contributions totalled \$78.47.

THE TOUCH
Los Angeles. — Robert B. Agins willingly gave a dime to the stranger who asked him for a lone ten cent piece.

The man drew closer, to lay his hands on Agins' shoulder and bless him.

A few minutes later Agins discovered his wallet, containing \$100 was gone.

TEAM WORK
Chicago. (AP) — Since the first time out he proves unprofitable to so many novice fishermen, they might try Anthony Grosso's method—swimming.

While swimming in Lake Michigan, Grosso spotted a big carp. He made a seine of his shirt, trapped the fish and lugged it ashore.

The 12-pounder had been stunned when boys on the escarpment showered it with rocks.

Nix, 28, of Long Island City, New York, died in a hospital in mid-morning.

A physician had amputated her leg to free her from the wreckage, in which she lay six hours with her head and torso outside a sheared coach and both legs held firmly inside.

It was she who had said, "take your time. I can stand it."

"There are dead people in here all around me," she moaned to a physician who administered a drug to relieve the pain. A Marine who had occupied the seat with Mrs. Nix lay dead nearby.

For hours rescuers cut through the wreckage with acetylene torches before Mrs. Nix could be removed and taken to a hospital where her condition was reported critical. During that time she was given several transfusions but not once, witnesses said, did she complain.

Plea of Soldier

In the same car, rescue workers saw the bodies of a man and a woman, the man's arm protectively around the woman's shoulders.

"Please take care of me; my mother would want you to," pleaded a soldier to Mrs. Margaret Akers, a volunteer worker, before he died in her arms. His identification tag torn away by the wreck, the soldier's body was placed with the unidentified dead.

Bailey Beard, 54, the Congressional Limited's head waiter and a veteran of 26 years of service with the Pennsylvania on the Washington-New York run, was in the diner, which was midway of the train, when he was thrown to the floor by a severe jolt.

There were about 50 people in the diner at the time, Beard said, about half of them women. A terrific crash whipped the diner sideways and threw half a dozen passengers through the windows.

"Coffee and hot water and dishes flew all over the galley," he related, and men working there were badly scalded.

When the car finally stopped, Beard was lying on the floor beneath three tables.

"There was panic everywhere," he

CUDAHY DIES OF BROKEN NECK

Milwaukee, Sept. 7 (AP)—John Cudahy, 55-year-old director of the Wisconsin Council of Defense and former United States diplomat, was killed yesterday in following his favorite sport—horseback riding.

Cudahy was pronounced dead of a broken neck by Dr. T. R. Murphy, of the County General hospital after his body was found on his 250-acre country estate at nearby Brown Deer, by Earl Kramer, of Racine, Wisconsin, who was visiting friends near the Cudahy home, and who saw Cudahy's riderless horse. Sheriff's deputies theorized that Cudahy was thrown when his horse stumbled in trying to jump a small drainage ditch.

Cudahy was named ambassador to Poland in 1933 by President Roosevelt and served until 1937 when he was made minister to Elie. He became ambassador to Belgium in 1940 and held that post until 1943 when he returned home. He was an explorer and big game hunter, and the author of several books. He became Civilian Defense director last February 23.

Women were screaming at the top of their lungs. The men in the galley were screaming from the pain of the scalding.

Beard extracted himself and was helped outside by rescue workers. He was badly battered about the head and body and suffered leg injuries.

At Frankford hospital, where hundreds of people went in response to a plea for blood donations, a woman, her clothing torn to shreds, her face covered with blood and dirt, helped carry the inert body of her husband into the emergency room. An interne made a quick examination and waived the body to an improvised morgue. The wife was taken to another room for treatment before her name was given.

The first of the previously unidentified bodies claimed at the morgue was identified nine hours later by Charles Chaney, Alexandria, Virginia, as that of his wife, Helen. Chaney hurried here from Virginia after hearing of the wreck of the train on which his wife had left Washington last night.

CIVIL SERVICE STATUS CLOUDY

Harrisburg, Sept. 7 (AP)—Handcuffed by the legislature more than four months ago, the State Civil Service commission still wonders what authority it has over 8,335 commonwealth employees working under the merit system.

The General Assembly suspended civil service of state jobholders for the duration of the war to prevent persons in the armed forces from being handicapped in obtaining public employment through examinations held for permanent positions in their absence.

"We don't know what powers we have left to us," declared Civil Service Commissioner John A. M. McCarthy. "Rules of the various departments which haven't been received may take more power away from us than we expected."

Emmitsburg

Emmitsburg — Nancy Beegle, daughter of Dr. Beegle, 700 West Main street, and Sue Stinson, daughter of Dr. and Mrs. Stinson, 133 West Main street, have combined their talents and are now accumulating dollars to donate to the Red Cross when the next drive for funds by that organization takes place. Already the sum of \$5.30 has been raised by the two little girls through penny-bingo, snow ball stands, and a "house of fun." Nancy and Sue are aiming to have \$20 to turn in to the Red Cross when the next drive is under way.

Mrs. F. J. Stinson, mother of Dr. Oscar Stinson, 133 West Main street, will spend two months with her daughter, Mrs. A. J. Morley, Toronto, Canada. A son of Mrs. Morley was recently reported missing while on a bombing mission from England over Germany.

Mrs. Roy Valentine was recently honored with a birthday dinner at her Rocky Ridge, Maryland, home. Those attending were Mrs. John Bollinger, Mrs. Carrie Hartzel, Mrs. Eva Swartz, Mrs. Annie Renner, Mrs. Roy Bollinger, Mrs. Jean Bowser and daughter, Patty Jean.

Mrs. Frank Shuff and daughter, Etta Mae, and Mrs. Edgar Stansbury spent a week at Mrs. Shuff's camp on Friends Creek.

The Emmitsburg Red Cross surgical dressing group turned out 4,200 bandages during August. Those receiving the regular certificate for completing sixty hours of work were Mrs. M. F. Shuff, Jr., and Miss Maude Deer.

TENNIS MEET

SUCCESSFUL

Forest Hills, N. Y., Sept. 7 (AP)—It was with a good many qualms that the United States Lawn Tennis Association decided to go through with its second wartime championship tournament. At the conclusion it was agreed that the only thing really wrong with the event was the finish of the most important match.

Limited to six days and with fields only half their usual size, the tournament produced a brand of tennis after the first few rounds that did not suffer too much by comparison with ordinary standards.

The end, however, was marred when Jack Kramer, the Los Angeles Coast Guardsman virtually collapsed under the double stress of heat and illness and Lieut. Joe Hunt of the Navy went on to a 6-3, 6-8, 10-8, 6-0 triumph in the men's singles final.

Kramer suffered an attack of intestinal flu a few days ago and lost 20 pounds. He apologized afterwards for "fluffing out" but for three sets it was anybody's match and Hunt might have won even if Jack had been at top form.

Yesterday, Louise Brough of Beverly Hills, California, singles runner-up, and Margaret Osborne of San Francisco teamed up with the women's doubles from Miss Betz and Doris Hart. Miss Osborne then teamed with Talbert to beat Miss Betz and Segura in the mixed doubles final.

46 PERISH IN HOUSTON HOTEL BLAZE TODAY

Houston, Tex., Sept. 7 (AP)—The charred ruins of a small midtown hotel swept by fire disgorged the bodies of 46 persons early today.

Searchers were digging through the smoldering building for others still unaccounted for among the 133 war workers and transients known to have registered for a night's lodging.

Eyewitnesses said many men jumped from the windows and a fire escape.

The blaze, discovered shortly after midnight, quickly blocked off one of the two fire escapes to the three-story brick structure. An inside stairway likewise was made impassable for those caught on the two upper floors.

Identify Three
Flames poured from every opening and crevice in the building, one of the oldest in Houston. Firemen could not lay ladders against it. Police and firemen said only three of the 46 had so far been identified. Their names were given as:

Clyde Spruell, 45, iron worker. J. S. Hebert, shipyard worker. Charles S. Dixon, occupation unknown.

Bodies were taken to the city morgue for identification as rapidly as firemen pulled them from the still smoldering structure.

She has visited three of the four leading cities on Australia's east coast in five days.

Moves To Free More War Facts

Washington, Sept. 7 (AP)—Following up a decision to give the public the stark facts of the war, President Roosevelt has sent out letters to the Army, the Navy and the State Department, intimating that the Office of War Information was created for just that purpose and should have a freer hand.

OWI in any future disagreements with the Army or Navy may appeal to the White House itself, the President indicated, even when the services might claim "military security" as the reason for withholding facts.

The presidential letters to Secretaries Stimson, Knox and Hull make it clear that OWI men are to have full access to military information and pictures, except the most secret matters, and that OWI will participate, in an advisory capacity, in the decisions as to their release.

Probe Death Of Soldier From Gap

Pittsburgh, Sept. 7 (AP)—Army officers and county detectives today investigated the death of Corp. Jack H. McConnell, 27, of Pittsburgh, in St. Francis hospital last night.

McConnell, on a week-end pass from his station at Indiantown Gap, Pa., was found unconscious Saturday night in the shallow water of Girty's creek under a bridge at Millvale.

Dr. T. R. Heimbold said an autopsy showed McConnell died of a broken neck.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, or at night, you get sleepless nights. Frequent urination or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When diseased kidneys function properly, they also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Marines Compete At Penn State

State College, Pa., Sept. 7 (AP)—The Marines are fighting it out—for the two end positions on Penn State's football team.

Competing for starting assignments are Ed Czekaj, M. Pleasant, formerly of George Washington university; Bill Smyth, Cincinnati; Joe Zoul, Cleveland, from Dayton University; and Johnny Misiewicz, Charleroi, from George Washington university. All are enrolled in the Navy training program.

Candidates for guard and tackle also are finding heavy opposition as Coach Bob Higgins drills his squad for the opening game with Bucknell on Sept. 25.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, Sept. 7 (AP)—Col. Russ Newland, who called the turn on Hank Armstrong's retirement long before Henry announced it himself, warns one and all not to be too confident that Lou Nova will remain on the fistic shelf. . . . Russ says Jimmy Murray, the Oakland, Calif., match-maker, may cook up a fight for Lou later this year. . . . New York football writers won't start their weekly meetings this season until much later than usual because of a speaker shortage. . . . Columbia is the only big college about town that has a team and the usually articulate Lou Little still hasn't regained full use of his voice. . . . Helen Willis Roark, whose tournament tennis career was definitely ended by an injury that left two of her fingers stiff, is able to hold racket again. She's still living in Manhattan, K.S., near her polo-playing husband's post at Fort Riley.

HE METZ HIS MATCH

Al Del Greco, the Hackensack, N. J., sports scribe, tells this one about the time Sgt. V. Ghezzi and Dick Metz played golf on New Jersey's famous Pine Valley course. . . . Shezzy, who had been there before, warned Metz to get a caddy who really knew the course, but Metz insisted that he only needed a score card to tell him the yardage. . . . When they started, Metz looked at his card and whaled away for the pin while Ghezzi, after asking his caddy's advice, kept getting into difficulty hole after hole. It went that way with Dick getting birdies and pars and V. getting nothing but trouble. . . . Finally Ghezzi holled: "Give me that card, I'm going to try that system myself." He grabbed the card and looked— it was for a course in Connecticut that Metz had played the day before.

TODAY'S GUEST STAR

Don Donaghey, Philadelphia Evening Bulletin: "Unfortunately men are known by the teams they play on socially and a ball player who appeared in public with a jockey would have a tough time explaining to Judge Landis that he was offering to pay the boy's way through college if he would give up his social heretofore riding."

SHORTS AND SHELLS

Kansas U. had a turn out of 65 to start football practice and observers report that it was the first time that the Jayhawks had that many boys who could keep shoulder pads on. . . . Brigham Young likely will make the longest trip to play basketball in the Garden this winter. . . . Rip Sewell is Pittsburgh's first 20-winning pitcher since Ray Kremer earned 20 victories in 1930. . . . Jack Delaney and Jack Renault, who once fought each other in Madison Square Garden, work side by side as inspectors in a Long Island aircraft factory. . . . Coach Jim Lookabaugh of Oklahoma A. & M. left his rival recruiters practically speechless when he signed up several state high school grid stars and had them in class rooms before the all-star prep game at which the coaches usually start work.

MASKED MASCOT

When the Las Vegas, Nev., Horned Toads, representing an Army Air Field, played in the National semi-pro baseball championship, the Chamber of Commerce sent a live horned toad by air express to be the team's mascot. . . . The Nevada team lost its first two games—so if you see a horned toad in Lawrence Stadium at Wichita, Kas., it's just the mascot, "Patience," waiting patiently to be taken home.

SERVICE DEPT.

Lt. Cmdr. Jack Dempsey is to play host to Babe Ruth, Mickey Walker and Ken Strong at the Manhattan Beach, N. Y., Coast Guard Station tonight. . . . Frank Yauter, the Philadelphia baseball writer, now is Captain Yauter of the Army. . . . Lieut. Cmdr. Rube Thornton, just back from a long sight-seeing tour—via battleship—in the Pacific tantalizes his fishing pals by telling how he caught 18-inch trout and had to toss them back because they were too small for the legal limit. He claims he can't tell where to find them because it's a military secret.

FIND WOMAN'S BODY

Pittsburgh, Sept. 7 (AP)—Police Chief W. G. Bliss reported yesterday the body of Mrs. Augusta Thour, 46, was found in her gas-filled home in Indiana township.

CARDS SPANK PIRATES TWICE ON LABOR DAY

By JUDSON BAILEY

(The Associated Press)
Labor Day, traditionally a big day for the major leagues, passed with nothing more than modest notice from the fans this year but the players and clubs concerned did their utmost to provide excitement for the 122,561 spectators who turned out at seven parks.

At Chicago Woody Williams, a reserve infielder for the Cincinnati Reds tied the National league record for consecutive hits, ten, by making five in the first game and another on his first time up in the nightcap to go with four he had made at St. Louis Sunday.

With this momentum the Reds whipped the Cubs twice 10-1 and 3-1, the latter game going ten innings. Elmer Riddle gained his 18th victory and John Vandermeer his 12th.

The world champion Cardinals crushed the Pittsburgh Pirates twice 3-2 and 6-2 as Alpha Brazil pitched seven-hit ball and Harry Brehner came up with a four-hitter, walking none.

Sanders Injured
In the first of these games at St. Louis Ray Sanders, first baseman for the Redbirds, was struck on the head by a batted ball and had to be taken to a hospital although his injuries later were said not to appear serious.

At Brooklyn before the largest throng of the day, 28,638 paid, the Dodgers ran their winning streak to ten games, longest in the five-year managerial tenure of Leo Durocher, by winning the first half of a doubleheader with the Boston Braves and like the Cards were deprived of the services of a regular during injury.

Stanley (Frenchy) Bordagaray, who has been alternating between infield and outfield assignments, was hit on the head by a ball pitched by Rookie Armand Cardoni and was taken to a hospital for observation, although apparently not badly hurt.

In the first game Curt Davis pitched five-hit ball but was tagged for three runs early and it was a seven-run sixth inning uprising against Al Javery that won for Brooklyn 7-3. Then the Braves banded back to win the second game 3-2 on Chet Ross' single in the tenth inning.

Dahlgren Homers
Babe Dahlgren, who worked two innings as a catcher in the first game at the Polo grounds in New York, hit a two-run homer in the 11th inning of the second game to give the Philadelphia Phillies a 3-1 decision over the Giants after New York had bagged the opener 6-3, with Ace Adams making his 61st relief appearance to tie his own major league record.

In the American league the New York Yankees were walloped 11-2 in the first game of a doubleheader with the Philadelphia Athletics to give the junior circuit leaders their third straight loss, but they rebounded with an 11-4 triumph in the second game.

Dick Siebert, who had batted in five runs at Boston Sunday, drove in four for the A's in the first game against the Yanks, but in the second game Charley Keller hit his 25th homer of the season and the bombers finished strong with six runs in the ninth inning.

The Boston Red Sox swept a doubleheader from the Washington Senators 5-1 on Tex Hughson's four-hit hurling and 4-1 on Bobby Doer's three-run homer in the sixth.

Cleveland clipped the St. Louis

SCRANTON TOPS EASTERN LOOP

(By The Associated Press)
For the third time within the last five years, the Scranton club has captured the championship of the Eastern league.

By defeating the Wilkes-Barre Barons 8-4 last night, Scranton took the 1943 flag, unseating the Albany Senators who won the 1942 title.

A booming 16 hit barrage clinched the championship for the Pennsylvania club with Chet Covington, who is responsible for 20 of its triumphs, coming in to pitch in the ninth after Al Widmer issued eight free passes.

Twice deprived of the lone victory necessary to end all doubt regarding their championship, the Scranton players, after dropping an afternoon contest to the Barons, 5-4, came back in the nightcap to blast three Wilkes-Barre pitchers.

The Hartford Laurels, moving into second place over the week-end captured a pair from the Springfield Rifles yesterday, 3-1 and 1-0, while Elmira and Binghamton were dividing a twin bill, 2-3 and 6-0. In the only other games yesterday, Albany and Utica split a doubleheader, the Senators winning the first, 5-3 and dropping the nightcap, 4-5.

In games Sunday Utica took a doubleheader from Albany, 6-5 and 4-2; Hartford took a pair from Springfield, 4-1 and 12-2; Elmira beat Binghamton, 5-1, and Wilkes-Barre downed Scranton, 7-3.

Saturday, Albany swamped Utica, 14-4; Hartford won over Springfield, 7-1, and Scranton defeated Binghamton, 2-0. Wilkes-Barre at Elmira was postponed.

Browns twice 3-2 in ten innings and 2-0 in five frames with weather interfering in both games.

The same elements caused postponement of the scheduled doubleheader at Detroit and as the result the Tigers will entertain the Chicago White Sox in two games today, the only games on the calendar.

HIT BY TRUCK
